Kensington

MicroSaver® Micro DS Keyed Ultrabook Locks - Custom Master Access - Single Keyed

High security goes low profile.

K64605S

Product Description

The Kensington MicroSaver® DS Keyed Ultra-Thin laptop Lock - Supervisor-Only Access is designed for the ultimate defense of even the thinnest laptop. The nearly impenetrable disk style keyed locking mechanism along with an advanced cable design provides greater security. And with the rotating, slim lock head and a pivoting cable you can be sure it'll attach easily without getting in the way.

Features

- Anti-Shear™ technology protects against intrusion by force
- Two keys supplied
- A rotating head and pivoting cable allow you to easily connect to your laptop and position the lock
- Advanced, nearly impenetrable disc-lock technology
- 3 layers of cable strength: carbon tempered steel core, aircraft-grade steel cable, external steel braided sheath
- T-Bar™ lock head
- Online key code Register & Retrieve™ and replacement service
- Multi-stranded 1500mm long, 4mm thick high-carbon aircraft-grade steel cable with carbon tempered steel core
- Custom keyed options available
- Protect business technology with Single Keyed locks that are only accessible with one master key for ultimate control and access
